It is understood that the Board will pay this amount from a surcharge it collects pursuant to Section 467.004, Texas Health & Safety Code, from each nurse who renews his or her license. In no event shall the Board be obligated to pay Contractor more than the total amount collected by the Board through this surcharge.

The decision of the Board with respect to the amount due to the Contractor shall be final and conclusive unless, within thirty (30) calendar days from the date of receipt of a written copy of the Board's decision, the Contractor notifies the Board of its dissent from its decision. If the Contractor's dissent cannot be resolved, the matter shall be resolved through the Dispute Resolution process, as specified in Section 9.2 of this Contract.

In order to facilitate the final termination or satisfactory completion of all services and obligations under this Contract, the Board and the Contractor may provide for a winding down period as part of the termination of this Contract. The date of termination of this Contract shall be the last day of such winding down period. The winding down period may run after the natural expiration of this Contract.

Termination is not an exclusive remedy, but will be in addition to any other rights and remedies as provided in equity, by law or under this Contract. The Board may exercise any other right, remedy, or privilege which may be available to it under applicable law of the state and any other applicable law or may proceed by appropriate court action to enforce the provisions of this Contract. The exercise of any of the foregoing remedies will not constitute a termination of this Contract unless the Board notifies the Contractor in writing prior to the exercise of such remedy. The Contractor shall be liable for all costs and expenses, including court costs, incurred by the Board with respect to the enforcement of any of the remedies listed herein.

The termination of the Contract shall extinguish all rights, duties, obligations, and liabilities of the Board and the Contractor under this Contract.

9.2 Dispute Resolution.

The dispute resolution process provided for in Chapter 2260 of the Texas Government Code must be used to attempt to resolve any dispute arising under this Contract. If the Contractor's claim for breach of contract cannot be resolved informally with the Board, the claim shall be submitted to the negotiation process provided in Chapter 2260. To initiate the process, the Contractor shall submit written notice to the Board, as required by Chapter 2260. Any informal resolution efforts shall in no way modify the requirements or toll the timing of the formal written notice of a claim for breach of contract required under Section 2260.051

of the Texas Government Code. Compliance by the Contractor with Chapter 2260 is a condition precedent to the filing of a contested case proceeding under Chapter 2260.

The contested case process provided in Chapter 2260 is the Contractor's sole and exclusive process for seeking a remedy for an alleged breach of contract by the Board if the parties are unable to resolve their disputes as described above.

Notwithstanding any other provision of this Contract to the contrary, unless otherwise requested or approved in writing by the Board, the Contractor shall continue performance and shall not be excused from performance during the period any breach of contract claim or while the dispute is pending. However, the Contractor may suspend performance during the pendency of such claim or dispute if the Contractor has complied with all provisions of Section 2251.051 of the Texas Government Code, and such suspension of performance is expressly applicable and authorized under that law.

9.3 Excess Obligations Prohibited; Non-Appropriation of Funds; Legislative Action.

The Contractor acknowledges that the ability of the Board to make payments under this Contract is contingent upon the continued availability of funds. The Contractor further acknowledges that funds may not be specifically appropriated for the Contract and the Board's continual ability to make payments under the Contract is contingent upon the funding levels appropriated to the Board. The Board will use all reasonable efforts to ensure that such funds are available. The Contractor agrees that if future levels of funding for the Board are not sufficient to continue operations without any operational reductions, the Board, in its discretion, may terminate the Contract or a pending order under the Contract, either in whole or in part. In the event of such termination, the Board will not be considered to be in default or breach under the Contract, nor shall it be liable for any further payments ordinarily due under the Contract, nor shall it be liable for any damages or any other amounts which are caused by or associated with such termination. The Board shall make best efforts to provide reasonable written advance notice to the Contractor of any such Contract or order termination. In the event of such a termination, the Contractor shall, unless otherwise mutually agreed upon in writing, cease all work immediately upon the effective date of termination, either on the particular order if an order is being terminated, or the Contract, if the Contract is being terminated. The Board shall be liable for payments limited only to the portion of work the Board authorized in writing and which the Contractor has completed, delivered to the Board, and which has been accepted by the Board. All such work shall have been completed, per the Contract requirements, prior to the effective date of termination.

9.4 Governing Law and Venue.

This Contract shall be governed by and construed in accordance with the laws of the State of Texas, without regard to the conflicts of law provisions. The venue of any suit arising under this Contract is fixed in any court of competent jurisdiction of Travis County, Texas, unless the specific venue is otherwise identified in a statute which directly names or otherwise identifies its applicability to the Board.

THE DEFENSE SHALL BE COORDINATED BY CONTRACTOR WITH THE OFFICE OF THE TEXAS ATTORNEY GENERAL WHEN TEXAS STATE AGENCIES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND CONTRACTOR MAY NOT AGREE TO ANY SETTLEMENT WITHOUT FIRST OBTAINING THE CONCURRENCE FROM THE OFFICE OF THE TEXAS ATTORNEY GENERAL. CONTRACTOR AND THE BOARD AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER OF ANY SUCH CLAIM.

9.6 Texas Public Information Act.

Contractor understands that the Board will comply with the Texas Public Information Act (Chapter 552 of the Texas Government Code) as interpreted by judicial rulings and opinions of the Attorney General of the State of Texas. Information, documentation, and other material in connection with this Contract may be subject to public disclosure pursuant to the Texas Public Information Act. In accordance with Section 2252.907 of the Texas Government Code, Contractor is required to make any information created or exchanged with the State pursuant to the Contract, and not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the State.

9.7 State Auditor's Right to Audit.

Pursuant to Section 2262.154 of the Texas Government Code, the state auditor may conduct an audit or investigation of any entity receiving funds from the state directly under this Contract or indirectly through a subcontract under this Contract. The acceptance of funds directly under this Contract or indirectly through a subcontract under the Contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, an entity that is the subject of an audit or investigation by the state auditor must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit. The Contractor will ensure that this Section concerning the authority to audit funds received indirectly by subcontractors through the Contractor and the requirement to cooperate is included in any subcontract it awards, should subcontracting be authorized. The Contractor further agrees to cooperate fully with the State Auditor's Office in the conduct of the audit or investigation, including providing all records requested. Additionally, the State Auditor's Office shall at any time have access to and the rights to examine, audit, excerpt, and transcribe any pertinent books, documents, audit documentation, and records of the Contractor relating to this Contract.

9.8 Technology Access Clause.

Contractor expressly acknowledges that state funds may not be expended in connection with the purchase of an automated information system unless that system meets certain statutory requirements relating to accessibility by persons with visual impairments. Accordingly, Contractor represents and warrants to the Board that the technology provided to the Board for purchase is capable, either by virtue of features included within the technology or because it is readily adaptable by use with other technology, of:

- providing equivalent access for effective use by both visual and non-visual means;
- presenting information, including prompts used for interactive communications, in formats intended for non-visual use; and
- being integrated into networks for obtaining, retrieving, and disseminating information used
- by individuals who are not blind or visually impaired.

For purposes of this Section, the phrase “equivalent access” means a substantially similar ability to communicate with or make use of the technology, either directly by features incorporated within the technology or by other reasonable means such as assistive devices or services which would constitute reasonable accommodations under the Americans With Disabilities Act or similar state or federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands and other means of navigating graphical displays, and customizable display appearance.

In accordance with Section 2157.005 of the Texas Government Code, the Technology Access Clause contract provision remains in effect for any contract entered into before September 1, 2006.

The Contractor may, as part of an audit, be required to produce evidence of the Program’s overall performance under the Contract, whether the Program is performing as expected, and whether it is in the public interest to continue the Contract. The audit should review all internal performance metrics, the existence of and adherence to internal guidelines and policies, adherence to the policies of the Board, consistency and fairness in the treatment of participants, the Program’s method(s) of internal record keeping, the appropriateness of fees paid by participants, enrollment trends, including waiting period(s) for enrollment into the Program and the Program’s sustained enrollment rate(s), satisfaction ratings of participants who complete and/or do not complete the Program, the completion rate of participants, and any other factor relevant to the furtherance of the Board’s mission, as determined by the Board.

The existence of such causes of delay or failure shall extend the period of performance until after the causes of delay or failure have been removed, provided the non-performing party exercises all reasonable due diligence to perform. Force Majeure is defined as acts of God, war, fires, explosions, hurricanes, floods, failure of transportation, or other causes that are beyond the reasonable control of either party and that by exercise of due foresight such party could not reasonably have been expected to avoid, and which, by the exercise of all reasonable due diligence, such party is unable to overcome.

The State will grant relief, as necessary, from performance of the Contract if the Contractor is prevented from compliance and performance by an act of war, order of legal authority, act of God, or other unavoidable cause not attributable to the fault or negligence of the Contractor. The burden of proof for the need of such relief rests within the Contractor. To obtain release based on Force Majeure, the Contractor must provide the TPASS and the Board with sufficient documentation to show that suitable merchandise or service is unobtainable from any source.

9.18 Independent Contractor.

The Contractor is not an employee of the Board, and as such, is responsible for payment of any federal taxes to be paid to the federal government attributable to the payments made under this Contract. Furthermore, the Contractor is not eligible for any fringe benefits due to state employees. Contractor and Contractor's employees, representatives, agents, subcontractors, suppliers, and third-party service providers shall serve as independent contractors in providing the services under this Contract. Neither the Board nor Contractor is an agent of the other and neither may make any commitments on the other party's behalf. Should Contractor subcontract any of the services required in this Contract, Contractor expressly understands and acknowledges that in entering into such subcontract(s), the Board is in no manner liable to any subcontractor(s) of Contractor. In no event shall this provision relieve Contractor of the responsibility for ensuring that the services performed under all subcontracts are rendered in compliance with this Contract. Contractor shall have no claim against the Board for vacation pay, sick leave, retirement benefits, social security, worker's compensation, health or disability benefits, unemployment insurance benefits, or employee benefits of any kind. 9.21 No Implied Waiver.

No provision of the Contract shall constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the Board as an agency of the State of Texas or otherwise available to the Board. The failure to enforce or any delay in the enforcement of any privileges, rights, defenses, remedies, or immunities detailed in the contract or otherwise available to the Board by law will not constitute a waiver of said privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel.

9.22 No Third-Party Beneficiaries.

The Contract is made solely and specifically among and for the benefit of the parties named herein and their respective successors and assigns, and no other person shall have any right, interest, or claims hereunder or be entitled to any benefits pursuant to or on account of the contract as a third-party beneficiary or otherwise.

Contractor and Contractor's employees will have no rights in or ownership of the Work and any and all documentation or other products and results of the services or any other property of the Board.

Contractor acknowledges and agrees that the Work (and all rights therein) belongs to and shall be the sole and exclusive property of the Board. If for any reason the Work would not be considered a work-for-hire under applicable law, Contractor does hereby sell, assign, and transfer to the Board, its successors and assigns, the entire right, title and interest in and to the copyright in the Work and any registrations and copyright applications relating thereto and any renewals and extensions thereof, and in and to all works based upon, derived from, or incorporating the Work, and in and to all income, royalties, damages, claims and payments now or hereafter due or payable with respect thereto, and in and to all causes of action, either in law or in equity for past, present, or future infringement based on the copyrights, and in and to all rights corresponding to the foregoing. In the event that Contractor has any rights in and to the Work that cannot be assigned to the Board, Contractor hereby grants to the Board an exclusive, worldwide, royalty-free, irrevocable, and perpetual license to directly and indirectly reproduce, distribute, modify, create derivative works of, publicly perform and publicly display, such rights to make, have made, use, sell and offer for sale any products developed by practicing such rights, and to otherwise use such rights, with the right to sublicense such rights through multiple levels of sublicenses. No later than the first calendar day after the termination or expiration of the contract or upon the Board's request, Contractor shall deliver to the Board all completed, or partially completed, Work and any and all documentation or other products and results of the services. Failure to timely deliver such Work or any and all documentation or other products and results of the services will be considered a material breach of the Contract. any and all documentation or other products and results of the services without the prior written consent of the Board.

9.24 Records Retention.

Contractor shall maintain and retain all records relating to the performance of this Contract, including supporting fiscal documents adequate to ensure that claims for Contract funds are in accordance with applicable State of Texas requirements. 9.26 Severability.

If any provision of the Contract is construed to be illegal, invalid or unenforceable, such construction will not affect the legality, validity or enforceability of any of its other provisions. It is the intent and agreement of the parties to this Contract that that this Contract shall be deemed amended by modifying such provision to the extent necessary to render it valid, legal and enforceable while preserving its intent or, if such modification is not possible, by substituting another provision that is valid, legal and enforceable and that achieves the same objective. All other provisions of this Contract will continue in full force and effect.

Contractor may not subcontract any or all of the work and/or obligations due under this Contract without prior written approval of the Board. Approval by the Board shall not be unreasonably withheld. Should Contractor subcontract any of the services required in this Contract, Contractor expressly understands and acknowledges that in entering into such subcontract(s), the Board is in no manner liable to any subcontractor(s) of Contractor. In no event shall this provision relieve Contractor of the responsibility for ensuring that the services performed under all subcontracts are rendered in compliance with this Contract.

9.29 Survival.

Expiration or termination of the Contract for any reason does not release Contractor from any liability or obligation set forth in the Contract that is expressly stated to survive any such expiration or termination, that by its nature would be intended to be applicable following any such expiration or termination, or that

is necessary to fulfill the essential purpose of the Contract, including without limitation the provisions regarding warranty, indemnification, confidentiality, and rights and remedies upon termination.

Contractor shall not remove State Property from the continental United States. In addition, Contractor may not use any computing device to access the Board's network or e-mail while outside of the continental United States. During the time that State Property is in the possession of Contractor, Contractor shall be responsible for (i) all repair and replacement charges incurred by the Board that are associated with loss of State Property or damage beyond normal wear and tear and (ii) all charges attributable to Contractor's use of State Property that exceeds the Contract scope. Contractor shall fully reimburse such charges to the Board within ten (10) calendar days of Contractor's receipt of the Board's notice of amount due. 9.32 Waiver of Consequential Damages.

NOTWITHSTANDING ANY OTHER PROVISION TO THE CONTRARY HEREIN, NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES OR LOSS OF PROFITS, ANTICIPATED OR OTHERWISE, OR LOSS OF REVENUES IN CONNECTION WITH OR ARISING OUT OF, OR IN CONNECTION WITH, THE SUBJECT MATTER OF THIS CONTRACT.
